Description

Summary

Users are unable to log in using their Google account. The "Sign in with Google" button is unresponsive.

Context

The issue affects the login functionality for users trying to access their accounts with Google. In contrast, the "Sign in with Facebook" option works correctly.

Environment

- **URL:**<https://www.freelancer.com/login>
- **Browser/OS:** Chrome v148.0.7778.96 / Windows 10
- **Account Type:** Test Google Account

Steps to Reproduce

1. Navigate to the login page URL: <https://www.freelancer.com/login>
2. Click on the "Sign in with Google" button.
3. Click on my Google Account.

Expected Result

- The "Sign in with Google" button should be responsive.
- Users should be able to log in successfully using their Google account without errors.

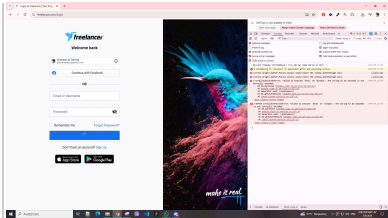

Actual Result

The Google login process fails.

Priority & Severity

- **Priority:** High
- **Severity:** Major
